FEEDBACK SYSTEM ACTION TAKEN REPORT TEACHER: 2018-19

ACADEMIC YEAR 2018-2019

The below table shows the action taken based on the IQAC Recommendation from the summarized Employer feedback on institutional level with relevant implementation proof as per the discussion held on 05/06/2019

SI No	Suggested Feedback	IQAC Recommendations	Action Taken	Proof for Implementation
01	Ensure on-going relevance and alignment with industry advancements	Recommends ensuring on-going relevance and alignment with industry advancements within academic programs. This is essential to equip students with the knowledge, skills, and competencies required to meet the evolving needs of the job market and contribute effectively to their respective fields	Integrated industry-relevant projects, case studies, and practical assignments into the curriculum. Encouraged students to work on real-world problems, collaborate with industry partners, and apply theoretical knowledge to practical scenarios. Organized faculty development programs, workshops, and seminars focused on enhancing faculty members' knowledge of industry trends, technologies, and best practices.	Academic Visit Industrial collaborations Faculty Development Program
02	Allow for a more adaptable curriculum to cater to diverse student interests.	A wider range of elective courses and interdisciplinary options are introduced to provide students with greater choice and flexibility in tailoring their academic journey according to their interests and career aspiration	A wider range of elective courses and interdisciplinary options are introduced to provide students with greater choice and flexibility in tailoring their academic journey according to their interests and career aspiration	List of open and Elective course offered by institution
03	Integrate emerging and modern subjects to meet evolving job market demands.	Recommends integrating emerging and modern subjects into the curriculum to meet evolving job market demands. Recognizing the importance of aligning academic programs with industry needs, this recommendation emphasizes the inclusion of relevant and cutting-edge topics to prepare students for the changing landscape of employment.	Collaborative efforts involving faculty members, industry experts, and advisory boards are undertaken to identify emerging subjects and areas of specialization with high demand in the job market.	Add-on course and certificate Course

04	Ensure on-going relevance and alignment with industry advancements	Recommends ensuring on-going relevance and alignment with industry advancements within academic programs. This is essential to equip students with the knowledge, skills, and competencies required to meet the evolving needs of the job market and contribute effectively to their respective fields	Integrated industry-relevant projects, case studies, and practical assignments into the curriculum.
