INTRODUCTION

The term advanced learner in this policy refers to the students who can engage learning activities faster than the other students in the class and achieve high scores and make significant achievements in their life.

They are more potential with their comprehension, retention, memory, critical thinking, creativity and contextualization practices. They also may have hard working behaviours and usually achieve more than the majority of the classmates .These students are in a great extend gifted and talented than the others in the class .These students can take up higher level learning and academic responsibilities. They can bring some new concepts, strategies, and also can take the leadership in the teaching learning activities.

VISION

The program typically involves providing a challenging and enriching educational experience for students who demonstrate exceptional abilities, talents, or a high level of academic achievement. The vision of such a program often includes several key components aimed at fostering the intellectual, creative, and social development of advanced learners. They are encouraged to prepare for higher studies and participate in research pursuits.

VISION

- **Provide Enrichment:** Advanced learners programs often aim to provide enriched and challenging learning experiences beyond the regular curriculum. This can include specialized courses, projects, or activities that stimulate intellectual curiosity and creativity.
- **Cultivate a Diverse and Inclusive Learning Environment:** Many advanced learners programs emphasize creating a diverse and inclusive learning environment where students from various backgrounds feel welcome and supported.
- **Stirring the advanced learners to make quality publications and creative contributions to the academic as well as to the practical world**
- **They are made the supporters to the average and the slow learners.**

OBJECTIVES AND FUNCTIONS

- **Academic Excellence:** Advanced learners typically aim for academic excellence, striving to achieve high grades and mastering complex subject matter.
- **Knowledge Expansion:** They seek to deepen their understanding of their chosen field or discipline, often going beyond the required curriculum to explore advanced topics and emerging trends.
- **Research and Scholarship:** Advanced learners often engage in research activities, including independent study, collaborative research projects, and participation in academic conferences. They may also pursue publication opportunities in scholarly journals.
- **Leadership and Mentorship:** Many advanced learners take on leadership roles within academic or extracurricular activities, serving as mentors to their peers, organizing events, or leading study groups.
- **Professional Development:** They focus on preparing for future careers or advanced studies by gaining practical experience through internships, co-op programs, or research assistantships. They may also seek out networking opportunities with professionals in their field.

ACTION TAKEN REPORT

A. SKILL CANVAS UNLEASH YOUR POTENTIAL

Skill Canvas Program: Unleash Your Potential – Advanced Learners Program” sounds like an initiative designed to help advanced learners enhance their skills and reach their full potential. To structure such a program effectively, it would be essential to incorporate a range of elements that cater to the advanced learning needs.

B.EXCELLENCE IN EXAM (ORIENTATION TOWARDS UNIVERSITY EXAM)

To help students excel in university exams, a program focused on academic excellence and effective exam preparation is essential. This program goes beyond basic study skills, offering a tailored approach that addresses the unique needs of advanced learners. It combines comprehensive academic support with innovative study techniques, ensuring alignment with the university curriculum. Students benefit from subject-specific tutorials, personalized one-on-one tutoring, and strategic workshops on exam techniques and time management.

C.INVESTOR EDUCATION PROGRAM

The Investor Education Program is designed to empower individuals with the knowledge and skills needed to make informed investment decisions and achieve financial success. This comprehensive program covers a wide range of topics, including fundamental and technical analysis, portfolio diversification, risk management, and the latest investment strategies. Participants will engage in interactive workshops, expert-led seminars, and hands-on training sessions, allowing them to apply theoretical concepts to real-world scenarios. The program also includes personalized mentoring and access to a community of like-minded investors, fostering a collaborative learning environment.

C.GENLNNOVATION

GenInnovation '24 was a one-week General Seminar program organized by the Department of Computer Application from February 5, 2024 to February 10,

2024. The primary objective of this event was to facilitate knowledge exchange and networking among students while focusing on innovative topics.

Objectives

The main objectives for conducting the programme are

- Provide valuable leadership and mentoring opportunities for our final year BCA students.
- Foster peer-to-peer learning and collaboration among students across different academic levels.
- Expose our first-year students to cutting-edge concepts and trends in technology and innovation.
- Cultivate a sense of pride and ownership among our students, empowering them to contribute actively to the academic community.

D. ENGSPiRE

ENGSPiRE is an innovative program designed to enhance students' creativity, competitive spirit, and language skills. This advanced learners' initiative is hosted at Safa College and aims to provide a comprehensive platform for students to develop their intellectual and communicative abilities. Through a series of engaging activities and challenges, ENGSPiRE fosters a stimulating environment where participants can hone their skills in a collaborative and supportive setting. The program's focus on creativity and competition encourages students to push their boundaries and strive for excellence, making it an invaluable addition to their educational journey.

CONCLUSION

The 2023-2024 academic year at Safa College has been a dynamic and enriching period for the I Earn Club, which successfully conducted numerous programs for advanced learners. These initiatives, organized by various departments, aimed to develop students' academic, professional, and personal skills. Notable among these were the "Skill Enhance: Unleash Your Potential" program, which focused on personal development and maximizing students' abilities, and "Excellence in Exam," an orientation towards university exams that provided strategies and tips for academic success. Additionally, the Investor Education Program equipped students with essential financial literacy and investment knowledge, preparing them for future financial decisions.

Other significant programs included "GENINNOVATION," which encouraged innovative thinking and problem-solving through hands-on projects and collaborative activities, and "ENGSPIRE," designed to enhance creativity, competitive spirit, and language skills. These diverse programs not only catered to different aspects of students' development but also fostered a culture of continuous learning and excellence. The collaborative efforts of various departments in organizing these programs have significantly contributed to the holistic growth of advanced learners at Safa College, making the 2023-2024 academic year a landmark period in the institution's commitment to educational excellence.
